- OASIS+ contract base period is five (5) years with one (1) option period of five (5) years that may extend the cumulative contract ordering period to 10 years.
- OASIS+ contracts may be used by **all** federal agencies.

Domains – Management & Advisory and Tech & Engineering

Management and Advisory

This domain includes a full range of management and consulting services that can improve a federal agency's performance, aid its endeavors to meet mission goals, and provide operating advice and assistance on administrative and management issues.

- **Capabilities:** Strategic planning, program management, policy advisory, process improvement.

Technical and Engineering (T&E)

This domain includes requirements to provide specific engineering, geoscience, or other technical professional skills, such as those performed by engineers, geologists, geophysicists, and technicians, required to handle specific operating conditions and problems for the benefit of the government. Work under this Domain typically involves the application of physical laws and principles of engineering in the design, development, and utilization of machines, materials, instruments, processes, and systems; and providing expert advice and assistance on technical functions and issues.

- **Capabilities:** Systems engineering, technical analysis, testing, logistics.

ABOUT US

AMSG has proudly supported government agencies and the DoD for nearly two decades. Operating through three strategic business units—Technology, Information, & Knowledge Management; Professional Services; and Acquisition & Financial Support Services—we're grounded in our core values of competence, courage, compassion, character, communication, and community.

Our AMSG Employee Experience Program, with over 40 subprograms, enriches our team members' lives through initiatives like our hobby program and Global Impact Program, where team members volunteer in places like Kenya and Honduras, supporting children's homes and building schools. Our dedicated, skilled team is our best asset in forging solutions for the missions that matter.

OUR STRENGTHS

- 16+ years of experience in successfully supporting a wide array of mission requirements for Federal and Civilian Government Agencies, encompassing various areas such as acquisition oversight, policy analysis, and data analytics.
- Certified ISO 9001:2015.
- Employee experiences, competitive pay and benefits, and recognition that our people are the backbone of our success leading to 95% retention.
